

This sheet of faux bills is made in compliance with official rules, for legally reproducing imagery of U.S. currency. The bills are one sided, incomplete and oversized.

Why would a PERFECTLY LOVING, father God have made a torturous, burning hell for 2/3 of his children?

Most 4 year old kids could tell you their Daddy would never, never, NEVER do any such thing. It's a GLARING contradiction which insults the intelligence of even small children.

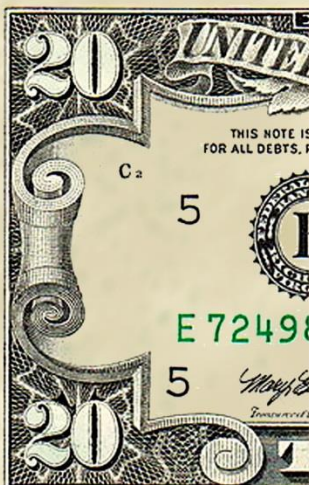

Stop telling kids that such a God is real, or maybe be honest & tell them you believe in the most evil being ever imagined.
